

Pre-Applicant Statement of Eligibility for ERP Units- The Estate

The Employment Recovery Program (ERP) is a 2-year **transitional housing program** designed to help participants who have completed treatment obtain employment and find permanent housing. The 57 Alcohol and Drug Free Community (ADFC) ERP units at the Estate come with supportive services attached. Participants pay 30% of their monthly income in rent, half of which goes to a savings account that is returned at program completion.

Participants meet every other week with the on-site ADFC Case Manager and a Supportive Employment Specialist from the CCC Employment Access Center. Program participants must be able to demonstrate 60 days clean time prior to enrollment and agree to maintain a verifiable recovery program. Participants must also fully participate in their case plan with the CCC Employment Access Center and make a commitment to move towards self-sufficiency.

Date of Pre-Applicant Statement: _____

Property address: **225 NW Couch St., Portland, OR 97209**

I certify that I _____, meet the following criteria:
Print Name
