

# The Westwind Apartments

355 NW 6TH AVE., PORTLAND

## PROJECT OVERVIEW

Located in the heart of Old Town Portland, The Westwind Apartments is a new construction development combining deeply affordable housing with commercial space. The 100-unit building will offer a mix of studio and single room occupancy homes. Eight units will be home to residents making under 60% of Area Median Income (AMI), 22 units for residents making under 30% AMI, and 70 of the units will provide permanent supportive housing for individuals experiencing chronic homelessness. CCC is partnering with the Native American Rehabilitation Association and CCC's Imani Center to offer culturally specific programming for Native and African American individuals. Case Managers and Peer Support Specialists will offer wraparound support services. Ground floor commercial space will include a residential artist workshop and neighborhood-based retail service.

Multnomah County's Joint Office of Homeless Services is providing long-term operating subsidies to fund ongoing supportive services as well as Project Based Section 8 vouchers, in partnership with Home Forward.

Construction began in May 2021 with completion scheduled for fall 2022.
